Single Malt Scotch Whisky

The term 'single malt scotch' refers to a whisky that fulfils all three elements of the term: Single – the whisky must be from only one distillery. Malt – the

raw material used must be barley malt. No other grain or fermentable sugars can be used.

The barley malt must be infused with water, fermented with yeast and in a pot still. Scotch – the whisky must be distilled and matured in Scotland.

Islay – The island that produces malts that are noted for their seaweedy iodine-like characters.
